9/20: New Smoking Fetish Movie added at [Smoking Flicks](#)

Over the weekend, we added a terrific new video at [Smoking Flicks](#) – the smoking fetish movie streaming and download site. It's from a 19-year old who calls herself PinkAngel – not all that long ago, she taught herself to smoke and documented it online; now, she's a terrifically accomplished smoker who, in this vid, smokes lots of Newport 100s and VS 120s (including a multiple scene with the VS 120s) among other brands (even a Max 120) and is both sexy and adorable. This definitely one to check out.

Come check it out at [Smoking Flicks](#)
