

New Smoking Fetish Movies added at [Smoking Flicks](#)

We've added three videos to open the new month at [Smoking Flicks](#) – the smoking fetish movie streaming and download site. The first two additions are all-new group videos – one with Harmony and Faith, the second with Havoc and Brooke. There are corks, all-whites, cigars, hookahs, open-mouth and snap inhales, mouth and nose exhales, and dialogue – something for everyone. The footage was originally shot by Visualsmoke; some has never been seen and some was seen briefly in their members' area. But we've cleaned up and sharpened the video, edited it and released these new titles:

We also have a nice smoky masturbation video from sophisticated, yet nasty, Lariaca.

Come check them out at [Smoking Flicks](#) 📺
