

New Smoking Fetish Movies added at [Smoking Flicks](#)

We've added more titles from Bobs Videos this week at [Smoking Flicks](#) – the smoking fetish movie streaming and download site. They're two very different types of videos: "Hollywood Smoke Scene" is a compilation of scenes with porn stars who smoke, while "Cory Lane Learning to Smoke" is exactly what the title says: a depiction of porn star Cory Lane's journey from anti, to full-fledged smoker.
