

New smoking fetish videos added at [Smoking Flicks](#)

We've added two new smoking fetish movies at [Smoking Flicks](#) – the smoking movie streaming and video download site.

Cute blonde Eve B., in half of her schoolgirl uniform (but her panties match her tie!), fishnets and heels, relaxes after school with a few cigarettes. She begins touching herself lightly – and then opens her legs to work her pussy as she smokes. She brings herself to a hot climax, and finishes her last cigarette. All the while, Eve shows deep inhales, and very pretty mouth and nose exhales.

And in a new release of material shot by Visualsmoke, Coco smokes with several looks, from natural to 80s. She is at the makeup table and in nice closeup, smoking Mores, 120s, all-whites and colored Fantasias, and showing great style, with luscious french inhales, thick swirling open-mouth inhales and nice snaps, followed by thick mouth exhales.
