

New smoking fetish videos added at [Smoking Flicks](#)

We've added two new smoking fetish movies at [Smoking Flicks](#) – the smoking movie streaming and video download site.

From IRL 2.0, a clip compilation with Shawna showing her amazing ball snaps and great smoking as she clobbers a Newport 100; Lynn and Starr chatting about smoking as they each show nice style; Aubrey R. relaxing after school with a cigarette (and some pretty french inhales); 18-year old Debbie smoking an all-white; and Starr smoking on the bed as she practices her snaps and frenches.

And a new release from Bob's Videos, featuring nude and teasing adult models as they're interviewed about their smoking: Celeste Star, Jamie Lynn, Lux Cassidy and Jana Jordan do the honors with Bob.
